The annual litter pick was a great success with over 60 people turning out to help in inclement weather. We collected over 50 full bags of litter! Our thanks go to everyone who showed up, and to the team at the Village Hall who put on a great spread for the volunteers at the end.

## APOLOGY: LITTLEMORE LOCAL:

An apology to those who had the last issue of LITTLEMORE LOCAL delivered with a political campaign flyer, in error. LITTLEMORE LOCAL is apolitical, though it does report the contribution made to the community by councillors. The Parish Council does not endorse individual election candidates or political parties.

## LITTLEMORE NEIGHBOURHOOD PLAN: NEWS

The draft Littlemore Neighbourhood Plan was approved by the Parish Council in February. The next stage is the public consultation which will run from 7 May to 18 June. This is really important as we wish to be sure both that the draft Plan and in particular the policies reflect the views of those who live, work or study here, & that possible amendments can be considered before a further version is submitted to the City Council. We are keen to reach out to as many people as possible, and we will welcome comments on any aspect of the draft Plan. To help you, we've prepared a three-page summary of key points. When the consultation opens, the full Plan, the summary, and a response form will be available on LPC website [www.littlemoreparishcouncil.gov.uk](http://www.littlemoreparishcouncil.gov.uk), and at various local community venues. You can respond via the website or on paper. We will arrange a series of drop-in sessions to explain the process and the contents of the Plan and help people complete their responses if they need help. Two drop-in sessions will be at the Village Hall Tea on the afternoons of May 4 and June 1. We are arranging other sessions to be advertised on the Parish Council website, on noticeboards and elsewhere. If your group can host a session, or provide a table at an event you are organising, or would like someone to visit, please let us know. If you have questions, or can offer to help, please contact Tony Eade on [nplan@littlemoreparishcouncil.gov.uk](mailto:nplan@littlemoreparishcouncil.gov.uk) or Jan Pullen on [jan.pullen@littlemoreparishcouncil.gov.uk](mailto:jan.pullen@littlemoreparishcouncil.gov.uk). Further details will be in the next issue of the Littlemore Local, by which time the consultation period will have started.

## AN OPPORTUNITY TO VOLUNTEER

LITTLEMORE LOCAL is delivered by volunteers who take on a small round, 6 times a year. Two or three of our volunteers are soon to move away, so we urgently need new people to step up. A pack of copies would be delivered to your home in the week before the newsletter is due out. You would not be expected to carry or deliver anything else at the same time. Would it suit you? Please contact Lynne Davies at [lynne.davies@littlemoreparishcouncil.gov.uk](mailto:lynne.davies@littlemoreparishcouncil.gov.uk).

## NEWS FOR ST NICHOLAS' ROAD

The County Council has said it will plant an avenue of 24 trees some time this spring, to add to daffodils planted by the Community Gardening Group of local residents. *Watch that space!*

## DATE FOR YOUR DIARY: VILLAGE HALL CENTENARY

This year 24 May sees the 100<sup>th</sup> anniversary of the opening of Littlemore Village Hall. The idea of a Village Hall was first discussed at the turn of the 20<sup>th</sup> century. Local landowner Miss Ellen Crawley offered the site on Railway Lane. It was a farm-yard, with a large barn which was demolished as building started, but the project was hampered by lack of funds. By 1914 the building was only a shell, and the outbreak of the war put everything on hold. In 1919, Miss Crawley died and it was left to the Vicar, Mr George Champion to continue fundraising for windows and doors. Finally, in 1924, the building was complete. **We'll be celebrating from 1-5pm on Saturday 1 June – do come and join us!** There will be free tea and coffee, a cake stall, a **Bake-Off** (see p 2), craft & gift stalls, a tombola, and children's activities. After 100 years of use, the Village Hall needs some updating to take it forward for another century. You can find out more about the hall, and about our plans and how you can help us make them a reality, at Tea on 1 June.

*Claire Drinkwater, Chair of Trustees*

## FATAL STABBING IN LITTLEMORE

Residents will be aware that two young men were stabbed in Littlemore in late February, resulting in the death of one of them. Our first concern is for the victims' families, but residents will naturally be concerned about whether the violence is symptomatic of demographic changes in Littlemore. We may have to wait for an answer until the legal proceedings against those responsible are underway, but meanwhile the Office of National Statistics reports that compared with most other crimes, the homicide rate in England & Wales remains very low, with 9.9 homicides recorded per million population during the year ending March 2023. The E&W statistics are swelled by events leading to multiple deaths, such as terrorist bombings and human trafficking, and by the deaths caused by Dr Harold Shipman (2003). The United Nations Office on Drugs and Crime reports that the homicide rate in the Americas is 150 per million, and in Europe in general it is 22 per million.

## NEWS FOR SANDY LANE WEST

Railpen, one of the largest pension managers in the UK, has unveiled plans to redevelop Eastpoint Business Park off Sandy Lane West. The plans currently under discussion would transform the site into workspace for Oxfordshire's life sciences industry. There would also be space to support education and training for the local community. There are plans to improve connectivity around the site for residents with a new segregated cycle- & foot-way along Sandy Lane West, and a safer more attractive A4142 Underpass, with a public art installation and lighting. Read more about this on p 5.

## EXPLORER SCOUTS' FIRST AID WEEKEND CAMP

Did you know that starting Cardiopulmonary Resuscitation before the emergency crew arrives can increase a person's survival chance by up to 4 times? This is just one of the many things the Explorers learnt on our recent Scout First Aid weekend camp. Out of all the activities the majority said *'The made-up scenarios were the best'*.

photos used with permission

We would discover an injured person in an emergency situation, such as hypothermia or a heavy bag falling on them, and help them using all our first aid knowledge. Many of us stayed for a classic scout meal of spaghetti bolognese (we shopped and cooked) and a sleepover, which is always fun as you get to stay up chatting, playing games or sleeping if you want! It was a brilliant event for all who went, from those with no first aid knowledge to those with lots of experience, and a great way to socialise and get to meet explorers from other units.

(All the injuries are fake.)

## ST JOHN FISHER NEWS

This term we've been blessed with a visit from the Archbishop of Birmingham, Bernard Longley: we invited him to talk about Catholic life and mission in our schools, and he participated in a beautiful communal liturgy with prayers in many of our children's home languages.

As well as nurturing our spirit we've nurtured our bodies in our *Pop-Up Pool*. Having received funding from Sport England, St John Fisher became the first school in Oxford to have a temporary swimming pool on site. Inside a heated marquee the pool has allowed us to provide focused, intense swimming for all children from Nursery to Y6. Our Y6 team have also been on a residential week, to a cold and wet Kingswood, where they had great fun participating in abseiling, rock climbing and staying up too late.

We have a few school places available in some year groups. Do get in touch if you would like a tour.

## UPDATES FROM OUR CITY & COUNTY COUNCILLORS

Please find the complete version of this article on p 6.

**Major bus service improvements for Littlemore.** We met County officers & Oxford Bus Company before Christmas to make clear the need for improvements to Littlemore's service. We're delighted that the 3A daytime frequency will increase to every 15 mins, and the 5A will increase to every 20 minutes. There will be a new fast '600' bus service from Grenoble Road to the John Radcliffe. The changes are scheduled for autumn. There's also a short trial of a new '3X' service. See below & p 4.

**Road safety.** We have been campaigning for safety improvements on Sandy Lane West, and the recent injury to a young pedestrian has highlighted how urgent this is. Two new pedestrian crossings are planned (one near St John Fisher to be installed this year, the other near The Oxford Academy entrance). Further traffic calming near SJF is being considered.

**Money for verges, and a community garden.** The City Council's budget is going to cover an additional cutting of road verges this summer (despite the fact this has normally been funded by County). This is the most that can be found given the budget pressures on the City. Cllr Sandy Douglas was able to negotiate £10,000 of seed funding for community-led improvements at Minchery Road allotments. Many plots have fallen out of use, so we hope to establish something like a new community garden, whose use might include involving children from John Henry Newman Academy in growing healthy food.

**Crime & antisocial behaviour.** We are working on making permanent the CCTV at Cowley Rd shops. City & County Council funding for lighting under the bridge is now in place: it should be installed soon. We remain concerned about crime and antisocial behaviour in several areas of the ward, particularly after the stabbing on College Lane. If there is a particular area you are concerned about, please let us and/or the City antisocial behaviour team and police know.

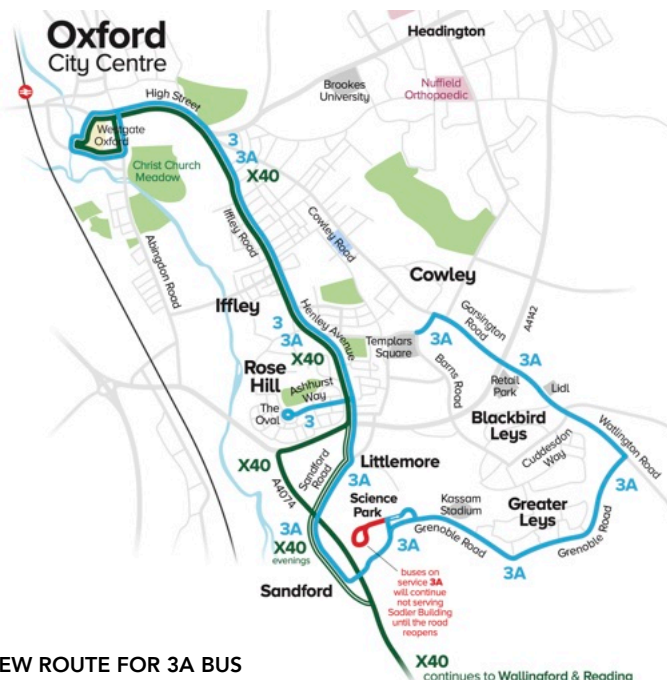

**Templar's Square Redevelopment.** Sandy is continuing to work on the idea of placing a new health centre there, which would be more accessible to Littlemore residents than are existing General Practices. He has proposed an amendment to the City's Local Plan, which sets the planning policy for the site, so that it will list a health centre there as one of the desirable facilities which the Council will support. As it is such a major project it will take a number of years: we'll update residents as we know more.

## BUS NEWS:

**\*TRIAL BUS SERVICE:** For a short trial the 3X links Oxford Rail station and The Oxford Science Park. It also stops at St Aldates, Redbridge Park&Ride, and Heyford Hill Sainsbury's, with eight trips in each direction daily, M-F only. Buses leave the Science Park for the Station at 07.55, 9am, 11.30, 12.30pm, 14.53, 16.05, 17.15 and 18.25. See map p 4.

**\*CHANGES TO THE 3A:** in April this service will stop winding through Greater Leys after residents raised concerns. Littlemore residents, who were not consulted, will no longer be able to get a direct bus to the Leys Health Centre. See map p4.

### LITTLEMORE FEATURES IN RECENT DETECTIVE NOVEL

I am a crime writer, author of three crime novels set in Oxford – most recently, *Lost and Never Found*. Given the existence of Morse, and Cara Hunter's excellently twisty tales, it's not exactly an original move. So why do I do it? Well, it's handy. For the last 45 years I've lived here: I've worked here, and brought up children here. I took my daughter to dance classes in Headington and my son to piano lessons in Littlemore. I used to cycle round the ring road with him to his piano teacher in Oxford Road, going through the underpass by the Littlemore roundabout, convenient but a little intimidating, especially on dark winter nights, a place – I always thought – where I might come across something alarming. One day, in fact, we did: a man standing under the ring road with a horse on the end of a rope. (We didn't ask.) Other places around Littlemore have prompted dark imaginings too: the construction site at Newman Place, for instance, and one of the lock-ups at the back of Vue, near that atmospheric footpath running past Littlemore Brook meadows down to Priory Road. So Littlemore features in my latest novel. The city I know is a dramatically unequal city, a mismatch of parts. I have two mismatched detectives – posh boy and chav – to suit. For centuries, stories have emerged from Oxford – I hope there is room for me to squeeze in a few more.

Simon Mason

*Lost and Never Found* was published in hardback in January by [www.riverrunpublishing.com](http://www.riverrunpublishing.com): ISBN: 9781529425864: it will be out in paperback in the summer.

### EXPANSION OF SMOKE CONTROL AREA

Following public consultation, the City Council will be applying to DEFRA to request approval to create an extended Smoke Control Area for Oxford. If approved, the new Smoke Control Area is expected to be introduced in Autumn 2024. Littlemore would be incorporated into the new city-wide area.

### MICROCHIPPING OF CATS SOON TO BE COMPULSORY

New rules mean that before they reach the age of 20 weeks cats must be implanted with a microchip and their contact details stored and kept up to date in a pet microchipping database. All owners must have their cat microchipped by 10 June 2024. Owners found not to have microchipped their cat will have 21 days to have one implanted, or may face a fine. See: [www.gov.uk/get-your-dog-cat-microchipped](http://www.gov.uk/get-your-dog-cat-microchipped).

### UPDATE ON HIF1 PROJECT

The Housing Infrastructure Fund 1 Project would provide a new road linking the A34 Milton Interchange with Clifton Hampden, and cause a serious increase of traffic up the A4074 through Nuneham Courtenay to the Heyford Hill Roundabout. (See LITTLEMORE LOCAL issue 445.)

After the County Council's planning & regulation committee refused the application, the Secretary of State for Levelling Up, Housing and Communities directed the local planning authority to refer the application to him for decision. A public inquiry will soon take place at Bee House in Milton Park, and will sit for 22 days across a 12-week period. Following the inquiry, the government-appointed inspector will draft a report and present it to the Secretaries of State (for Transport, and for Levelling Up, Housing and Communities), who will make the final decision about whether the project can go ahead.

### CONSTRUCTION STARTS IN LANHAM WAY

Oxford City Council has started construction of 10 low-carbon homes on the former South Oxfordshire depot site off Lanham Way. The work will take about a year. The six semi-detached 2-bedroom houses and four semi-detached 3-bedroom houses will be electrically heated, primarily by air source heat pumps. The nine parking spaces with EV charging will include 3 Blue Badge spaces and one car club space.

The development will be called Youngs Way, after Martin Young vicar of St Mary & St Nicholas Church from 1951 to 1964. He is buried in the churchyard and his name was proposed by Littlemore Parish Council. When completed, five homes will be let as council homes to people on the housing register. The remaining five homes will be sold for shared ownership by the Council's housing company OX Place.

## OTHER MAJOR CONSTRUCTION PROJECTS PROPOSED OR UNDERWAY

### PROPOSALS FOR SANDY LANE WEST

Railpen, one of the largest pension managers in the UK (we support half a million people connected with the railway industry), has unveiled plans to redevelop East Point Business Park off Sandy Lane West (see map, right). The plans currently under discussion with Oxford City Council and other local stakeholders would transform the site into modern, net zero carbon workspace for innovation businesses of all sizes, and include laboratory spaces for Oxfordshire's life sciences industry.

The plans also include the creation of a 100 m<sup>2</sup> *Learning Lab* in partnership with local schools and future tenants. It will provide a place to pass on skills and knowledge to inspire the scientists of tomorrow.

Railpen is committed to providing opportunities for local skills development, and employment, and is developing an Employment & Skills Plan in partnership with nearby schools and employment & skills providers.

There would also be space to support education and training for the local community. Located at the heart of the proposed development is a Community Pavilion designed to bring industry and the community together (see computer simulated image, right). With space for up to 200 people, it will include a café, and multipurpose spaces for the local community.

Additional public spaces will be provided in the heart of the site and improved connectivity around the site for residents will include a new segregated cycle- & foot-way along Sandy Lane West, and a safer more attractive A4142 Underpass, with a public art installation and lighting.

A preliminary consultation closes at end of March, but there will be future opportunities to comment. Find more on our website: [www.eastpointconsultation.co.uk](http://www.eastpointconsultation.co.uk). Nick Vose, Director

### THE ELLISON INSTITUTE BUILD in ARMSTRONG ROAD

The team working on the Ellison Institute of Technology in Armstrong Road have now moved into cabin offices and into the neighbouring chapel building to allow 'soft strip demolition' on the south wing of the existing Littlemore House building. This process involves the safe removal of all fixtures and fittings, walls, ceilings, staircases, and temporary structures, to make way for our refurbishment and re-modelling work. We are 30% of the way through and are very close to completing the removal of the L1 floor slab from the existing recreation hall.

We're underpinning the north wing of the existing building: this is the process of strengthening the existing foundations by adding more concrete. The east side and north side are complete; the south elevation will begin once piling is complete in that area.

Construction of the new building's pile foundations is underway. The 4 piling rigs on site are installing bearing piles and secant piles. Bearing piles support the weight of building, whereas the secant piles interlock to create a wall around the edge of the basement.

### Major bus service improvements for Littlemore

We met with County officers and Oxford Bus Company before Christmas and made clear the need for improvements to Littlemore's bus service.

We're delighted report that

- the daytime frequency of the 3A is now going to increase to every 15 minutes, and
- the 5A will increase to every 20 minutes.
- There will also be a fast new '600' bus service from Grenoble Road to the John Radcliffe.

The improvements are scheduled for the autumn.

There's also a trial (until April) of a new '3X' service going from Sainsbury's / Mogridge Drive to the rail station (see p 3 & 4).

### Road safety

We have been campaigning all year for safety improvements on Sandy Lane West. The recent injury to a young pedestrian has highlighted the urgent need for change.

- Two new pedestrian crossings are planned: one will be placed near St John Fisher within the coming year (look out for public consultations) the other will be near The Oxford Academy entrance).
- Options for further traffic calming near the primary school are being considered.

The pedestrian route from St Nicholas Place (Mogridge Drive) to the rest of Littlemore remains a major concern. Pedestrians have to cross Sainsbury's entrance, and cars come off the ring road, and leave Sainsbury's at speed. We recently presented a petition from residents to the County Council cabinet member responsible, and are pushing County officers to make improvements using some of the infrastructure funding linked to recent developments in the area. It's complicated by the fact that Sainsbury's controls the land rather than it being a public highway.

Cllr Trish Elphinstone has secured re-opening of the second lane at the turning from Rose Hill into Church Cowley Rd (pictured below in 2011). This has been slightly delayed but is due to go ahead in April. This should reduce congestion but there is also a safety reason for making the change – frustrated drivers cutting left into the slip road to avoid the traffic lights entirely has caused a serious of near misses with cyclists.

As it was in 2011: Road markings at the junction of Rose Hill & Church Cowley Rd

### Money for verges, community garden, advice centres and potholes in council budgets

The City Council's budget is going to cover an additional cut for road verges this summer (this is normally funded by County). We'd like to see more but unfortunately this is the most that can be found given the budget pressures on the City.

Cllr Sandy Douglas was able to negotiate £10,000 of seed funding (no pun intended!) for community-led improvements at the Minchery Road allotments. Many plots have fallen out of use. We hope to be able to establish something like a new community garden for public use such as enabling schoolchildren from John Henry Newman Academy to grow healthy food.

At the County Council, Trish supported Labour's budget amendment which will provide an extra £300,000 for advice centres (like Rose Hill & the Agnes Smith Centre).

Given the shocking state of the roads, £5m was also allocated for road repairs including potholes.

### Crime & antisocial behaviour

We are working on getting the CCTV at Cowley Rd shops made permanent. City & County Council funding for lighting under the bridge is now in place and this should be being installed soon.

We remain concerned about crime and antisocial behaviour in several areas of the ward, particularly after the stabbing on College Lane. If there is a particular area you are concerned about, please let us know and we'll make sure that the City antisocial behaviour team and police are aware.

### Templar's Square

Sandy attended a briefing with the developers and City Council officers on 11 March. One possibility is a staged re-development, starting with derelict parts of the site like the old Nelson Pub. All involved are keen to make sure that the site continues to offer a range of shops & facilities, including those important to the community, like the optician. Staging the re-development would mean shops would continue to be available on the site at all times (rather than the whole site being out of action at the same time). There is no truth in the rumour that the site is going to be turned into student housing. The City Council will prioritise affordable homes for local people, especially new council housing.

Sandy is continuing to work on the idea of a new health centre there, which would be much more accessible to Littlemore residents than current GPs. He has proposed an amendment to the City's 'Local Plan', which sets the planning policy for the site, so that it will list a health centre there as one of the desirable facilities which the Council will support.

As it is such a major project it will take a number of years - firmer plans are expected this summer & we'll update residents as soon as we know more.

### BRINGING EMPTY HOMES BACK INTO USE

An empty home is one that is privately owned and has been unoccupied for more than six months. Oxford City Council is calling on owners of empty homes to help ease Oxford's housing crisis by bringing them back into use. If you are aware of an empty home you can contact the Council's Empty Property Officer on 01865 252 280 or report it on the council website: [www.oxford.gov.uk/xfp/form/183](http://www.oxford.gov.uk/xfp/form/183) .

### EXPANSION OF CRITERIA FOR HOME UPGRADE GRANT

Residents in Oxford are being encouraged to apply for free energy efficiency measures, after the income eligibility for the Home Upgrade Grant was raised from £31,000 to £36,000.

The government funding aims to help residents who do not use gas as their main source of heating, to install free energy-efficiency measures such as cavity wall insulation, loft insulation, solar panels, air source heat pumps, and so on.

The funding aims to help households that:

- are living in a home not heated by mains gas (but which may use oil, coal, LPG, or electric heating)
- and have an Energy Performance Certificate (EPC) between D and G, (Homes that do not have an EPC rating will be provided with a free assessment.)
- and are on a low income,
- or live in the most economically deprived areas.

The funding is open to both homeowners and those living in private rented properties. Landlords may be able to benefit from the funding if their tenants are eligible. Find out more and apply at <https://hugapply.co.uk> or call 0800 107 8883.

### NEW COST OF LIVING SUPPORT SCHEME

There is a new scheme to support residents who are either in, or at risk of being in crisis and have no other source of financial support. It's called **The Oxfordshire Residents Support Scheme**. It will help with short-term basic living costs such as food, and credit for gas or electric prepayment meters. In most instances cash will not be awarded, but a pay point voucher (which can be redeemed for cash) or bank transfer can be supplied where necessary.

The support is available to all Oxfordshire adult residents aged 16 years+ who have families with young children, have long-term illness, mental health needs or disabilities. Homes with older people, pregnant residents or people at risk of domestic abuse are also eligible. To find out more visit:

[www.oxfordshire.gov.uk/council/help-rising-living-costs/residents-support-scheme](http://www.oxfordshire.gov.uk/council/help-rising-living-costs/residents-support-scheme) . Those unable to get online may either use the free access computers in local libraries where staff will be happy to help, or telephone 01865 804 171, Monday to Friday, 9am to 5pm excluding bank holidays.

### E-SCOOTERS

The rules for private e-scooters have not changed. It is against the law to use a privately-owned e-scooter in public. To ride an e-scooter legally you must have \*a driving licence with a category Q entitlement and \*motor insurance which can only be provided by a rental company. If you use an e-scooter illegally: you could face a fine, you could get penalty points on your licence and/or the e-scooter could be impounded.

### CHANGES AHEAD FOR LANDLINE PHONE USERS

Copper telephone wires are being replaced by more modern technology which will be provided through a broadband (Internet) connection. One disadvantage of the new system will be that your phone will not work during a power cut. So you are advised to have a mobile phone, too, or a Battery Backup System. See more about this below, on page 8.

### RECYCLING NEWS

**DIY Waste** If you're planning to take DIY waste to Redbridge recycling centre, the rules and charges have changed.

**Free Allowance:** You can now dispose of up to five DIY items free, once every seven rolling days. Please note: this does not apply to plasterboard.

**Booking Requirement:** To access your free allowance of DIY waste, you must book a visit online. Any DIY waste exceeding the allocated free allowance will be subject to normal charges. To find out more and to book, go to [www.oxfordshire.gov.uk/residents/environment-and-planning/waste-and-recycling/household-waste/diy-waste-charges](http://www.oxfordshire.gov.uk/residents/environment-and-planning/waste-and-recycling/household-waste/diy-waste-charges)

**VAPES:** The batteries and E-Liquid that makeup part of disposable vapes are potentially harmful to the environment if not disposed of correctly. There are 3 ways to recycle vapes

- A kerbside collection as part of your normal small electrical recycling service (placed in a clear bag, on top of any bin lid)
- Up to 60 new recycling collection points for vapes at small retailers, pubs and cafes across Oxfordshire
- A new pink public recycling bin at each of the Household Waste Recycling Centres in Oxfordshire, including Redbridge.

### YOU NOW NEED PHOTO ID TO VOTE IN PERSON

This year we will have Oxford City Council on Thursday 2 May, and a General Election. If you are voting at a polling station you will be required to show photo ID before being issued with a ballot paper. Accepted forms of ID include a European Economic Area or Commonwealth passport, a driving licence, a Blue Badge, and some concessionary travel passes, such as an older person's bus pass. You may use an expired ID if you are recognisable from the photo.

#### If you don't have one of the accepted forms of ID...

or if you no longer look like the person in your ID, or if your name has changed, you can [apply for a Voter Authority Certificate](#). If you don't have access to the internet & would like a paper application form, either drop into the Town Hall, or ring 01865 252 987: the elections team will send one out.

#### Can't make it to the polling booth?

##### Apply for a postal vote

If you are not already registered for a postal vote, and you want one for the election on 2 May, you need to apply by 5pm on 17 April. You can apply online, at [www.gov.uk/apply-postal-vote](http://www.gov.uk/apply-postal-vote) , or via the Elections Office, Town Hall, St Aldate's, OX1 1BX.

##### Apply for a proxy vote

If you will be away, or physically unable to get to the polling station, you can appoint someone to cast your vote for you.

Apply online on the [Apply For a Proxy Vote webpage](#).

If you need a form you can download the form from the Electoral Commission. You can scan it and email it back or post it to the Elections Office, Town Hall, St Aldate's, OX1 1BX. The deadline to apply for a proxy vote for the May elections is 5pm on 24 April.

Find more info at [electoralcommission.org.uk/voterID](http://electoralcommission.org.uk/voterID) .

### IS VAPING DANGEROUS?

Vaping is not as harmful as smoking cigarettes. More research is needed fully to understand the health effects of vaping, but already children's doctors say it may cause long-term damage to young people's lungs, hearts & brains. Widely available illegal vapes are much more likely to contain harmful chemicals such as lead, nickel and chromium, or drugs, such as cannabis.

**A new tax on vaping products will start in October 2026.** At the same time, duty on tobacco will go up by £2 per 100 cigarettes to ensure that vaping remains cheaper.

## LANDLINE TELEPHONES : FORTHCOMING CHANGE

The technology that currently powers landline phones is going to be switched off.

### A big switch over

Landlines run on the **Public Switched Telephone Network** (PSTN). Its old copper wires are being phased out in favour of newer technologies such as fibre optics. It is hoped that the old PSTN technology will be replaced by 2025 or 2026. The new system is called **Voice Over Internet Protocol** (VoIP). Using VoIP your voice traffic will be routed via broadband, which allows for much greater clarity and security than with the old network.

### What will I need to do?

If you already have a broadband contract, your provider will automatically switch your telephone to a VoIP connection when the exact switchover date is announced. It is possible you may need an adapter to plug your existing landline telephone into your broadband router, but this and other equipment you may need should be supplied by your phone company.

### Will I need an internet connection to make landline calls?

Yes.

### What if I don't have a broadband connection?

If you do not need to use high-speed internet services, Ofcom says you will be given the choice to buy a simple 'line only' broadband connection, which will effectively replace your current landline.

### Will I keep my old number?

Yes.

### Will I need to buy a new telephone?

No. You will need an adapter, or a new wall socket. These should be provided by your provider.

### Will my new phone contract be more expensive?

It shouldn't be –though it is not guaranteed.

### What if my Landline and Broadband providers are different companies?

You will have the choice to switch from one to the other once landlines are axed.

### What about my Fax Machine, Alarm, or Emergency Call Pendant?

Some technologies such as Emergency Call Pendants, Credit Card Machines, Fax Machines and some Alarm systems that rely on existing technologies will need adapting to the new VoIP technology. You will need to speak to your phone provider before the switchover to see if they can aid you in the transition. In most cases there should be adapters available to help you, however it would be wise to check ahead to see what you will need to do.

### What happens during power cuts?

With the existing PSTN system, if there is a power cut at your home your telephone line will still work. If there is a power cut with VoIP, you will not be able to make or receive calls using VoIP.

### Backups and alternatives

It is recommended that you have a backup method of making and receiving calls such as a mobile phone ideally with 4G or 5G internet

access. That way if the power drops on your home broadband, then you would still be able to make and receive landline calls via an app on your mobile phone.

It is also possible to invest in a small **Uninterruptable Power Supply** (UPS) or Battery Backup system, that will keep your communications up in cases of power outages. There are business- and domestic-sized units on the market.

### Are Business-grade ISDN lines being discontinued?

Yes, both ISDN 2 and ISDN30 lines are also being replaced by VoIP. You will need to speak to your provider to discuss your options if you are using business grade ISDN.

### Will VoIP Calls affect my broadband speed?

For home, and most small business users VoIP calls shouldn't take up the sorts of bandwidth that will affect your broadband speeds.

### Can I have two Broadband connections, one for calls and one for data?

Yes. This is common and if you're a business who relies on telephones and connection to the internet, then it is sensible to have more than one broadband connection.

### Where can I keep up to date about this?

Some of the finer details of the switchover are still being released.

The following website will be updated with more news as things evolve, but you can also contact your existing provider.

## WILDLIFE PAGE: news from our local Wildlife Conservation Charity: BBWOT

Berkshire, Buckinghamshire & Oxfordshire Wildlife Trust

### OUR RECORD VISITOR

You may think that BBOWT reserves are too far for you to visit, but Jon Mason, a geography teacher who lives in Bedlow on the edge of the Chilterns has completed his challenge to visit every one of them in one year.

Where possible, Mr Mason walked, or used public transport to get to each of the 83 reserves. For sites that were only accessible by car, to keep his carbon footprint down he built visits into journeys that he was making anyway to see family or friends. He took photographs at every reserve and shared them on Instagram and on his website, [theearlybirder.co.uk](http://theearlybirder.co.uk).

Speaking about the stand-out moments from his 12-month adventure he said:

'There were many highlights, such as finding a fly orchid at Warburg hidden away in the shade next to the path, so beautiful and so easy to overlook; also, standing at Swains Wood listening to ravens 'cronk' above the trees as they displayed overhead, tumbling and rolling through a cloudless sky; then frogs spawning noisily in the ponds along the path to the octagon hide at College Lake; watching a glow worm larva walk across the path as I explored Millfield Wood; listening to curlews at Gallows Bridge Farm as the sun set...

'I suppose above all the highlight was becoming very aware of the sheer abundance of wildlife that can thrive if the land is managed for nature.'

Having all year shared stunning photographs and videos from his challenge on Instagram, he is now planning a series of talks about his year of wild encounters with BBOWT.

### BUY A BUTTERFLY!

Berkshire, Buckinghamshire & Oxfordshire Wildlife Trust (BBOWT) has installed *Your Wild Memories* displays at two of its visitor centres. They are the Nature Discovery Centre near Thatcham, and College Lake visitor centre near Tring.

They feature specially-designed butterfly plaques made of brushed stainless steel, which you can buy and have personalised with messages to remember precious moments, people, or wild times.

Butterflies hold all sorts of different meanings for people, as well as being beautiful to behold.

Each butterfly can be engraved to order with the wording of your choice.

Author and natural history writer for the Guardian, butterfly lover Patrick Barkham left this message: *Breathe in green, Breathe in blue, Soar soul! Thanks, nature.*

Funds raised from the sale of the commemorative butterfly plaques will go towards BBOWT's work creating more nature everywhere for everyone, to benefit wildlife, climate and people.

### ERRATUM

On this page in the last issue there was an aerial photo of the flood plain: I forgot to attribute it to Rob Sadler. My apologies,

Ed.

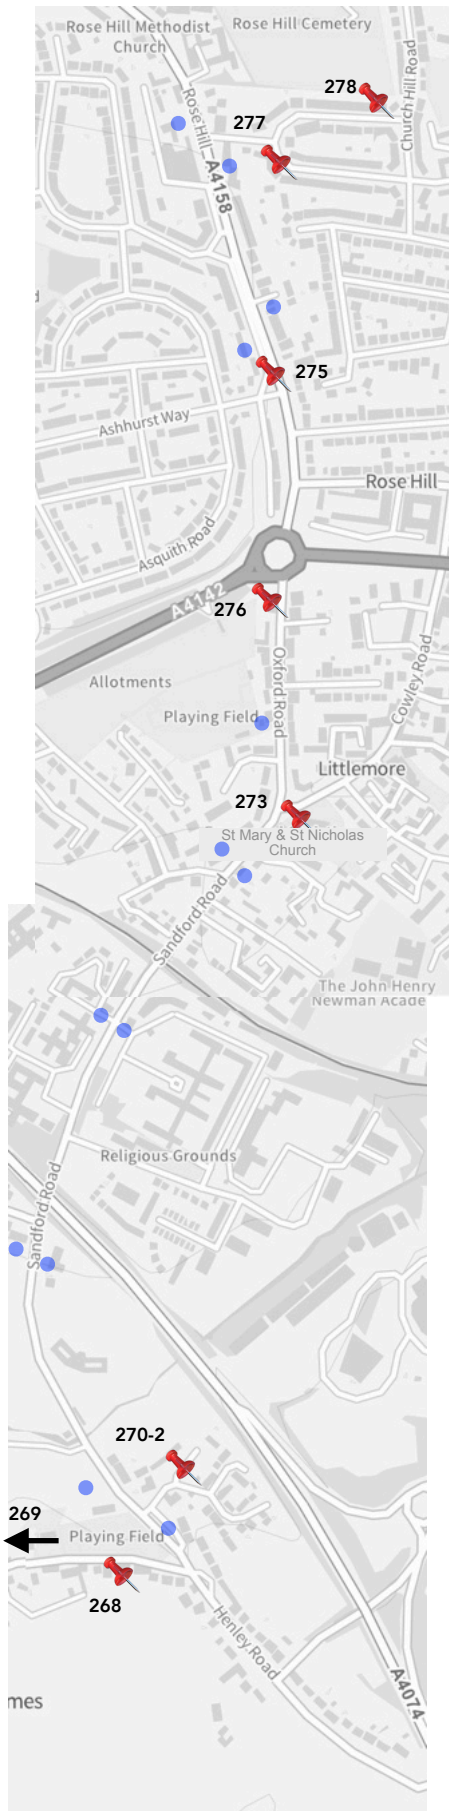

BBOWT is one of 46 Wildlife Trusts across the UK working to achieve the shared aim of securing a better future for wildlife. Our experts work with more than 1,700 volunteers to look after over 80 nature reserves, five education centres and run hundreds of amazing events. We rely on the generosity of individuals, charitable trusts and businesses. Find out more at [www.bbowt.org.uk](http://www.bbowt.org.uk).

## UPDATE: THE COMMUNITY INSIGHT PROFILE

In 2023 Oxfordshire County Council and its local partners in Littlemore asked you what it is like to live in Littlemore, including what keeps you healthy, and what could be better.

See issues 452 & 455 of LITTLEMORE LOCAL, and [insight.oxfordshire.gov.uk/cms/community-insight-profiles](https://insight.oxfordshire.gov.uk/cms/community-insight-profiles)

### THE COMMUNITY INSIGHT PROFILE

**What respondents like about Littlemore:** The friendly community; the green, open spaces and play parks; the community groups which run a range of activities; location and closeness to the centre of Oxford.

**What could be improved:** Accessibility, and access of healthcare; reducing anti-social behaviour; increasing public transport services; improved knowledge of community events; awareness of warm community spaces; creation of a youth council; improved community spaces; a volunteer drive; more support for young people; mental health training and support; life skills sessions; and support groups for parents of children with Special Educational Needs.

**What respondents would like to see:** Replies include: improved facilities and tidier parks; free or low- cost activities; improvements to community spaces; a community café and kitchen; a health centre or pharmacy.

**What's next?** We are working with the Littlemore Health and Wellbeing group (see Community Groups p 16) to take things forward. A Community Health Development Officer is working to support the health and wellbeing within the Littlemore community. Grant funding is available from both Oxfordshire County Council and the Well Together Programme, to support local organisations to make improvements to health and wellbeing in the local area.

### GRANT FUNDING FOR HEALTH AND WELL-BEING EVENTS

There are 2 lots of funding available for local groups & organisations to reduce health inequalities in the area:

☑ £25,000 Community Insight profile grant funding provided by Oxfordshire County Council. To find out more please visit Oxford City Councils website <https://www.oxford.gov.uk/communityprofilefund> .

☑ £100,000 Well Together Programme funding provided by the NHS Integrated Care Board. To find out more please visit <https://ocva.org.uk/well-together-programme/> .

You can already start applying for some of these monies.

#### Drop in to find out more ...

at Oxford City Council and the Well Together team's joint drop-in session. It's an opportunity for groups and residents to find out about the funding, ask questions, and to share ideas.

This is an informal session, and you can pop in at any point. Tea and biscuits will be provided!

## Welcome to Family Learning

**Oxfordshire  
Adult  
Learning**  
A FACULTY OF ABINGDON & WITNEY COLLEGE

### Gain new skills for the whole family

- Improve confidence to try other courses
- Learn from each other
- Enjoy spending time together

### Support with Schoolwork - Family Life Skills - English & Maths

All parents and carers want their children to do well at school but sometimes it can be difficult to know how to help. No one wants to confuse their child by using different methods to their teacher and that is where family learning can help. Find out how things are taught in your child(ren)'s school, get to know other parents and carers and share ideas.

### Free family learning courses can be set up in your local community.

Take a look at the list of courses and workshops the Family Learning Team can offer. If you are a community venue (primary schools, children's centres, community centres etc), contact us to let us know what you would like us to provide in your community. Please include any other ideas you have.

Family Learning aims to encourage a family to become confident, lifelong learners. It can have a positive impact on children's skills and achievements at school. Family Learning can help to develop a learning community that improves life chances.

### Learn something new and feel better for it!

Here is a sample of courses and workshops the Family Learning Team can offer:

- |  |   |
|--|---|
| • Managing Children's Feelings and Behaviour | • Supporting Your Child with Autism                     |
| • Keeping up with KS2 Maths                  | • Emotional Health: You and your family                 |
| • Keeping up with your child in English      | • Let's Talk Mental Health                              |
| • Explaining Phonics and Reading             | • Knowing Me – confidence building course               |
| • English Skills for EAL Families            |   |
| • Supporting Your Child through Play         | <b>If you have other ideas, please let us know too!</b> |

Cadet Force Adult Volunteers are the lifeblood of our cadet forces. The reasons for volunteering are varied, but many volunteer to see young people grow in stature, make positive life choices, and be inspired to achieve things they never thought they could. No tangible reward or benefit could ever compete with this, but there are additional benefits to being a Cadet Force Adult Volunteer. Here we highlight some of these benefits so that everyone knows what is available to them and can take advantage where appropriate.

### THE BENEFITS OF VOLUNTEERING INCLUDE:

The prestige of being associated with the Armed Forces, wearing uniform, taking part in local & national events.

The opportunity to gain nationally-recognised qualifications.

Personal development through training and experience in leadership, management & communications, which may be of benefit in the workplace.

Opportunities for national and international travel, and to take part in the extensive range of activities such as adventurous training, shooting, sailing and flying.

I love being an adult volunteer with the RAF Air Cadets - I feel I'm helping others and at the same time there's so much for me - I gain qualifications to help my future, meet loads of new friends and have fun!

*Flight Lieutenant Sophie Del Gaudio, Combined Cadet Force (RAF).*

## LITTLEMORE PARISH COUNCIL

### We are recruiting

#### Casual Vacancies.

The Parish Council seeks Grounds Persons to cover absences on the Maintenance Team. Those appointed might have a variety of skills. They would assist the Team Supervisor with the on-going repair and maintenance of the facilities in our parks and open spaces.

**Hours:** Flexible, from 4 hrs/day to 20 hrs/week, as required.

**Pay:** Oxford Living Wage.

For more information please contact

[clerk@littlemoreparishcouncil.gov.uk](mailto:clerk@littlemoreparishcouncil.gov.uk).

### PARKS IMPROVEMENT WORKING GROUP (PIWG)

The LPC Parks Improvement Working Group continues its work to secure future improvements to our parks and green spaces. Three new timbers are on order for the Log Climber, and a new rope ladder for the Multi Play Unit in Oxford Road Recreation ground. The Zip Wire pendulum swings at both Oxford Road & Herschel Crescent Grounds are soon to be restored. We hope this work will be done before the Easter holidays. *PIWG*

### PLANNING MATTERS: a selection of local applications

**24/00271/SCREEN** Sandford Gate, Sandy Lane West, OX4 6LB.

Start of consultation on the proposed development of Sandford Gate, to include demolition of all buildings on site and erection of buildings in research and development use with associated parking and community facilities. See p 6.

**22/00077/FUL 25** Herschel Crescent OX4 3TS. Change of use to a House in Multiple Occupation. Approved by City Council.

**23/02757/FUL:** at 40 & 42 Van Diemens Lane, OX4 3QD:

Demolition of existing dwelling house on each site. Erection of a two storey building to create a terrace of four 3- & 4-bed houses each with a single storey 1 bed annexe with shower room. A previous application for 2 houses + 2 annexes at 40 Van Diemens Lane was opposed by LPC and residents of neighbouring properties but was approved by City Council. This new application seeks to do the same at No 42 to create a terrace. Our previous objections still apply due to overdevelopment of the site, and loss of privacy to neighbours. There is a risk that the garden buildings will become separate dwellings unconnected with the main homes. LPC has asked the planning officers to clarify these points before any decision is made. The application has been withdrawn, but another may follow. *LPC Planning Committee*

**STOP PRESS:** Department for Transport Draft Guidance on implementing LTNs was published on 17 March 2024. It begins: 'Last year, DfT commissioned a review of low traffic neighbourhoods (LTNs) – this is the outcome. The research shows that, while they can work, in the right place, and, crucially, where they are supported, too often local people don't know enough about them and haven't been able to have a say..... we see larger & larger low traffic schemes being proposed by some councils despite concerted opposition by local residents and by local businesses, and in some cases being removed again. This guidance makes it clear that should not happen. It also sets out that, if they are introduced, councils should continue regularly to review LTNs, ensuring they keep meeting their objectives, aren't adversely affecting other areas, and are locally supported.' See: [www.gov.uk/government/publications/implementing-low-traffic-neighbourhoods](https://www.gov.uk/government/publications/implementing-low-traffic-neighbourhoods) and L'MORE LOCAL 434, 436 & 438.

**YOU NOW NEED PHOTO ID TO VOTE IN PERSON** This year we will have Oxford City Council Elections on Thursday 2 May, and a General Election. If you are voting at a polling station you will be required to show photo ID before being issued with a ballot paper. Find more info on page 7, at Oxford Town Hall, 01865 252 987 and/or at [electoralcommission.org.uk/voterID](https://electoralcommission.org.uk/voterID).

NB: Apply for a postal vote by 17 April. NB: Apply for a proxy vote by 24 April.

The copy deadline for the June / July edition is 6pm on Thursday 16 May. The e-version will be published on 20 May.

To receive LITTLEMORE LOCAL by email, or to submit copy, please contact [editor@littlemoreparishcouncil.gov.uk](mailto:editor@littlemoreparishcouncil.gov.uk).

## LITTLEMORE PARISH COUNCIL

In May, a new Parish Council will be elected for a 4-year term. There are 16 seats: Littlemore ward has 13 seats, Bodley Road ward 2 seats, and Sandy Lane West ward 1 seat.

Information about applying, and application packs can be obtained from the Elections Office at Oxford Town Hall.

If there are more than 16 applicants, there will be a public vote.

### WHAT DO PARISH COUNCILLORS DO?

- they represent the views of residents of Littlemore Civil Parish
- they deliver services such as maintaining green spaces and providing LITTLEMORE LOCAL
- they decide on how much to raise through the Parish precept to deliver these services
- they comment on planning applications to Oxford City Council
- they influence and shape the long-term policies for the Parish
- they bring about improvements through spending on local projects, using the precept and CIL & S106 monies
- they lobby other service providers
- they work in partnership with other agencies.

### LITTLEMORE PARISH COUNCIL 2024/25 PRECEPT

If you have already received your council tax bill for 2024-25, you may have noticed that Littlemore Parish Council has **reduced** its precept by just over 10%, making the average band D charge £41.17. The precept is the part of the bill which enables a parish council carryout its functions. By continuing to review its spending, refining budgets where it can yet striving to continue and improve the quality of services, it is the third year running Littlemore Parish Council has reduced its precept.
