

CLERK'S COLUMN

- The January parish council meeting saw planning applications from The Peep Centre at The Oxford Academy, from the Sewage Treatment Works on Grenoble Road, to which the council had no objections, and from EIT for The Lodge & Chapel 3 Armstrong Road*, to which the council responded with concerns about the location of service provisions, some factual inaccuracies, and insufficient parking provision. The City Council advised us that 32 Cardinal Close has been approved & 5 Chapel Lane refused.
- The Neighbourhood Plan goes to referendum on 29 Jan. Please take the time to vote.
- Installation of new play equipment in Oxford Rd Recreation Ground is due to start the week commencing 6 Feb and is expected to take 7 weeks to complete. We fully expect the new play area to be open before the Easter holidays.
- Work on the trees and hedges in the Oxford Road Recreation Ground will be done before the nesting season starts in March. This is necessary tree work identified by the tree survey: it will ensure the parish council's tree stock is healthy and safe.
- The clerk can be contacted by phone (07377 682 216). If unavailable please leave a message, or email to clerk@littlemoreparishcouncil.gov.uk. For information, agendas etc. go to www.littlemoreparishcouncil.gov.uk.

INSTEAD OF A SKIP: USE OXWASTE

This is a new platform for Oxford City Council & ODS's waste removal service for Oxford residents & businesses. You can book bulky waste collections, and for your bins to be cleaned. Phone: 01865 252 039 if you can't book online.

NEW BOOKING SYSTEM AT LOCAL TIPS

It's now necessary to book a slot before going to a household waste recycling centre. The central phone number is 01865 519 800 during office hours, but you can book online 30 minutes before your visit (subject to availability) or up to 2 weeks in advance. Once you've booked, you'll get an email with the details you need. You must remember to take your booking number & proof of address to show you're an Oxfordshire resident, and must sort the recyclable bits of your waste either before you arrive, or at the sorting area on site.

St John Fisher Y3 & 4 girls run to first place in the Oxford City and Thame Cross Country Finals: see p 3

*PLANNING MATTERS:

There's no detail this time as the website was down all week: however EIT's new plan for Armstrong Road is to make the Lodge & Chapel into a restaurant. The red line marks the site.

TALES FROM THE ARCHIVES: FIELD & STREET NAMES

Pipley Furlong: a Regal Name in the Landscape

We are fortunate in having records dating back to before the 19th C enclosures of Cowley and Littlemore's common fields. Pipley Furlong is recorded as an area beside the footpath linking Iffley & Cowley which ran behind Westbury Crescent along the ridge overlooking Oxford. (See front page for James Ward's 1836 painting of the view: note the lane on the far right). Historian Graham Jones has added evidence to suggest that Pipley is an early field name dating back to the 6th C, and to Anglo-Saxon times. Graham suggests that Pipley is a form of the personal name Pypba, who was one of the family of early kings of Mercia, an Anglo Saxon kingdom which extended south of the Humber and controlled the English South Midlands, and the Thames valley. Excitingly, there is a small triangle of open grass beside the footpath, which may be excavated in future.

LITTLEMORE GROWING MINDS PROJECT

Every child under five living in Littlemore can benefit from the Growing Minds project. Led by a partnership of local organisations (Peeple, Home-Start Oxford, & the Berin Centre) its purpose is to improve school readiness & support children's life chances. It runs groups in & around Littlemore (see p 5). Every child in the Growing Minds Project is also eligible to receive free books through the post thanks to our partnership with Dolly Parton's Imagination Library. To find out more email families@peeple.org.uk. Maisie Franklin, Peep Admin Officer

28th OXFORD SCOUT GROUP

We marked the start of our 100th year celebration with cake and a slight uniform change. We have new colours: our 'necker' is now Old Gold & Navy Blue. Known as 1st Littlemore (Lone) Troop in 1925, the group, then all boys, was registered at Scout Association HQ in 1926, and became known as 28th Oxford (Littlemore) Scouts. Our first HQ was a wooden hut, with no electricity, on rented land off Oxford Rd, owned by Mr Dewe, who ran the shop. In July 1929, nine Scouts from our Troop attended the 3rd World Jamboree at Arrow Park near Birkenhead (four will head to Gdansk in Poland for the 26th one in 2027!). In November 1929 our first Cub Pack began. In July 1934 the group purchased the land where we still meet today. The hut from Oxford Rd was dismantled and re-assembled ready for use in November. Electricity came in 1937 when a single electric light was fitted. The landowner, on seeing how much effort had gone into raising the necessary funds, decided to take a third of the amount raised in full payment. The Ground is held in Trust for use by Scouts. After more years of fundraising our current HQ building was opened in December 1952. Over the years it has seen many changes, which have added an extra meeting room, a garage, and an outside covered area, which allow us to have more space for activities and storage. And we've grown again with the addition of our Beaver Colony. Altogether we now have around 60 boys and girls in the group. Thank you to the Scouts, to the community and the Scouting family for all your work, effort, and support over the years. If you would like to find out more, to get involved or to share your memories please get in touch: pop.gsl.28thoxford@gmail.com. TicTac (Ruth Lloyd)

ANGELMEAD EXPLORERS: NEWS

Angelmead ESU celebrated the end of 2025 with a Christmas meal entirely organised by the Explorers (with three teams: catering, front of house, and entertainment to deal with it all). The coming term's programme includes Communications, First Aid and Navigation skills, as well as various other activities. The whole unit wishes the community a happy 2026. Camille Kalaja

NEWS FROM LITTLEMORE HUB AT JHNA

'Hi, my name is Hannah: I trained in Sports Rehabilitation, then spent 10 years teaching. I've been part of the JHN family since 2019, and my role has evolved over time. Now I work as a Community Development & Family Support Worker, supporting children and their families. I am a trained Emotional Literacy Support Assistant, helping children regulate their emotions. I'm originally from Littlemore, and three of my four children attend the school. I love community and family support work - no two days are the same! It's a privilege to meet members of the JHN family, and of Littlemore community, and to support them through life's challenges.'

Hannah is hugely skilled: she works closely with all groups at the Hub (see p 5), ensuring that we are offering the best possible sessions to the highest standard. Kate Rudman

LITTLEMORE COMMUNITY PARTNERSHIP (LCP)

LCP is an active, collaborative network of representatives from local schools, early years providers, faith groups, voluntary organisations, health services, Thames Valley Police, the Parish Council, the Community Centre, the Village Hall, other local councillors, **and** Littlemore residents. Our shared aim is to work together to make Littlemore an even better place to live, learn, & grow by strengthening community infrastructure and access to services, improving communication & engagement, enhancing our built & natural environment, securing funding, promoting health & wellbeing, and building strong, connected communities. **We'd be happy to welcome new members!**

Through our collective effort, we've unlocked funding and added to the range of opportunities already available here (see the Hub Listings on p 5). New things include antenatal groups, baby book clubs, health visitor drop-ins, slow cooker sessions, adult learning, sports, gardening, & intergenerational activities. Community lunches, warm spaces, friendship groups, and the food larder provide support, connection, and inclusion for all.

Next, we're planning to develop a high-quality *Welcome to Littlemore Pack*, both in print and digital, to provide new and established residents a source of information about what's on.

We meet every three months and need a minutes secretary (this is a voluntary role). If you want to be part of shaping the future of Littlemore, now is the perfect time to get involved!

For more details or to volunteer please contact Katie Screaton via office.2000@jhnacademy.co.uk.

LITTLEMORE PRE-SCHOOL IS HIRING!

They seek **both**: someone qualified to level 2 or 3 in childcare for maternity cover from March 2026 to April 2027, **and** a preschool assistant. No qualifications are necessary for this second post but experience of working in a childcare setting is desirable. Please contact Manager Hayley Cox for more information: 01865 396 449 (M-F 9am-3pm), or email her at littlemoreplaygroup@yahoo.co.uk.

LOCAL ENTERPRISE: Inspires Community Provision CIC

Littlemore's Rose Carter, who offers Maths & English classes for children has founded a Community Interest Company, a UK social enterprise designed to use profits for social good rather than private gain. Its focus is on helping families - particularly those with children with Special Educational, Social, Emotional & Mental Health needs &/or who are neurodivergent. She is hoping to run a fully inclusive activity club in the Summer Holidays. Meanwhile her after school Maths & English sessions are now subsidised, so the cost is dramatically reduced! Contact Rose at: inspirescommunityprovision@gmail.com. See listings p 5.

JOHN HENRY NEWMAN ACADEMY SPORTS NEWS

Hockey: our Year 5/6 Hockey Team managed a 3-1 win against Emmanuel Christian School before Christmas: Jake & Kareem scored the goals. Well done, everyone.

Football: our Year 5/6 Boys' Football Team (see pic) performed tremendously well at the Oxford City National League tournament, they won seven, drew one, and lost one.

Bowls: we hosted a Bowls competition with St. John Fisher, the children had great fun learning new skills & playing different Bowls activities. *Thank you to Mr. Thomas of TOA for lending the Bowls equipment, and to the Kitchen Staff @ JHNA for the hot chocolate!*

Mr Surman

ST JOHN FISHER SCHOOL NEWS

Christmas is always a time of wonder at St John Fisher and this year there was lots for everyone. Our donkey returned for the Nativity performance, and behaved itself.

Mary arrived safely in Bethlehem, our EYFS and KS1 children acted and sang their hearts out, and we welcomed residents from a local care home to share the joy. We were lucky to be invited

into Mansfield College to perform our carol concert in their beautiful chapel. It was an amazing time in an inspirational setting, which opened our minds to all the city has to offer. There was no snow at Christmas, so we made our own and pumped it around the school while the children enjoyed their 'Santa Run' to raise money for charity. The last few weeks of term also saw our Y3 & 4 girls run to first place in the Oxford City and Thame Cross Country Finals. (See pic on front page.) This was a first-ever victory in this competition for our children! We are immensely proud of them pushing through the mud and grime to bring victory to Littlemore. The Spring term brings lots more opportunities at school, including educational visits for all classes, a Y4 residential trip and rich sporting opportunities as the weather improves.

LITTLEMORE YOUTH COUNCIL

In December representatives from all 4 schools in Littlemore (The Oxford Academy, St John Fisher, Emmanuel Christian School and John Henry Newman), met to found a new Littlemore Youth Council. TOA kindly hosted an event which introduced children to local representatives, including our MP Anneliese Dodds, and Local Councillor Tiago Corais (see back page). The children will work together to decide on a local community project they will plan, campaign and deliver on. We hope to publish photos in future updates.

LOCAL BUS NEWS

- 3 & 3A: has a new timetable with enhanced frequency. The 3A now runs between the railway station and either Kassam Stadium or Cowley Lidl (it no longer serves Templars Square).
- The 5A takes us to Templars Square, but will not loop through Herschel Crescent in future.

ELLISON INSTITUTE OF TECHNOLOGY (EIT)

from: Sue Stewart, Littlemore Resident

EIT has purchased the freehold of the western half of the Science Park (which falls within Littlemore parish). This includes the 3 new Daubeny buildings (visible as you go through Sandford), and work has halted there while EIT submits new plans for the buildings. The underground lecture hall at Littlemore House is complete. Precast cladding is arriving on site to be lifted into position by cranes. The developers Laing O'Rourke hold regular meetings to report progress and check if there are local problems. A representative of EIT is usually there to give an update. Anyone can attend. To be notified, email OxfordEIT@laingorourke.com.

EIT has bought two properties on Armstrong Road - the Lodge, currently used by the Wildlife Trust, and the former chapel of the old Littlemore Hospital (see front page). It has also bought 4 houses on the St George's Park estate and is converting them into accommodation for students and visitors. The Institute has already recruited some students, for the time being based elsewhere in Oxford.

EIT is a major contributor to the reopening of the Cowley railway line, which is still subject to detailed planning.

EIT expects to provide 7,000 jobs in Littlemore by 2030.

Oxford City Council will require a Community Employment and Procurement Plan. This will create apprenticeships, make jobs available to local residents, and ensure that some goods and services are provided by local businesses. The City Council is keen to keep car movements to a minimum and is looking at ways to improve bus access to Littlemore from parts of Oxford not currently easy to reach.

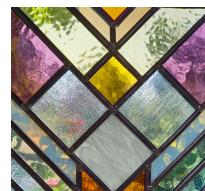

from Amanda Thompson, Communications Manager, Laing O'Rourke

A major construction milestone was reached in December with a topping-out ceremony at the EIT Oxford site. The new Institute will be an interdisciplinary research & development campus for a world-class faculty of scientists, technologists, change-makers, economists, & entrepreneurs. Designed by Lord Norman Foster of Foster + Partners and delivered by Laing O'Rourke, the campus will include more than 300,000 sq ft of research laboratories, and educational & gathering spaces. The development comprises two buildings, Littlemore Brook and Littlemore House linked by an elevated Woodland Walkway designed to encourage collaboration. The ceremony took place on the roof of Littlemore Brook, where members of the 150-strong construction team marked the occasion. In keeping with construction tradition, an evergreen tree was lifted into place by crane to symbolise good fortune and respect for both the workforce and the environment. (For photo see p 13.)

THE ART AND CRAFT SUMMER SCHOOL

During the summer holiday The Oxford Academy hosts a week long non-profit-making summer school of art, craft and music, now organised by Anne Griffith. This year it runs Mon 3 to Sat 8 August. It offers a wide range of courses for adults, and caters to people of all levels of experience. This year's courses range from Art to Woodcarving, Botanical Illustration to Stained glass (see pic), Calligraphy to Upcycling. Find out more and book at : <https://oxfordshireartandcraft.co.uk>.

People attend from all over the country: if you can offer accommodation, please contact Anne via the website.

Reusable nappies

Washable (reusable) nappies are made of bamboo, hemp, cotton or microfibre. A baby needs only around 20 to 30 of them: they can save parents several hundred pounds with their first baby, and even more if re-used for subsequent children.

- The [Reusable Nappy Week website](#) has a guide on sizes, materials and how to get started.
- The [Oxon Cloth Nappy Library](#) has a loan scheme.
- Oxfordshire County Council has a [dedicated page for reusable nappies and where you can get them](#) .
- The County Council also runs a [real nappy loan scheme](#) .

Maternity Clothes Libraries

Because it is used for a short time, maternity clothing contributes to the problem of [textile waste](#) generated by the fashion industry.

- Oxford has a [Maternity Clothes Library](#), which loans out good quality pregnancy and breastfeeding clothing at £3 per item, or £6 for coats.

Baby Carrier and Sling Hire

- You can hire carry slings for your baby from a variety of sources including the maternity library above.
- There is also the Oxford Sling Library, which is a social enterprise. Click here for [home visits](#) or [group sessions](#) .

THE ELLISON INSTITUTE (OXFORD) PICTURE

A topping out ceremony took place on the roof of Littlemore Brook, where members of the 150-strong construction team marked the occasion (you can just see them on the top, in orange!).

In keeping with construction tradition, an evergreen tree was lifted into place by crane to symbolise good fortune and respect for both the workforce and the environment.

CLLR TIAGO CORAIS' REPORT

Building a Safer, Stronger Littlemore

From Denny Gardens allotments to the Future Leaders of Littlemore Youth Council, we're strengthening community pride and turning your concerns into action:

The Youth Council (see p 3)

I am proud to lead and fund this project, to nurture the Future Leaders of Littlemore. In my address at the launch event I reminded students that British democracy, which is built on participation and shared responsibility, has one of the most inspiring stories in the world. Over the coming months, they will develop ideas, listen to community priorities, and work collaboratively. They will meet councillors, hold a final session at Oxford Town Hall, and visit Parliament. This journey marks the beginning of their path as future leaders who listen, care and act, and I can't wait to see the positive change they will bring to Littlemore. I hope to submit photos when parental permissions have been organised.

Residents' Voices to Drive Highway Improvements

Residents are speaking out about congestion, unsafe junctions, pollution, chaotic parking & neglected infrastructure in Littlemore's Newman, Oxford, & Cowley Roads. To ensure these issues were fully understood, I involved County Cabinet Member for Highways, Cllr Andrew Gant, and other senior officers. The County Council has committed to a full traffic analysis and a public meeting in Littlemore, to shape long-term solutions. This meeting on 22 Jan (doors open at 7.45pm for 8) at Littlemore Community Centre is open to Littlemore residents only, and booking is essential: [available here until 22 Jan](#).

Newman Place Residents' Concerns

I've taken Newman Place residents' concerns about parking pressures, disrepairs, broken lifts and the long-awaited children's playground directly to Peabody, and I'm pushing for urgent action. I'm also pressing Thames Valley Police to tackle anti-social behaviour near Armstrong Road.

Community Safety Report: December

After repeated tyre-punching incidents, I asked victims to be sure to report the crime, and Thames Valley Police for reinforced patrols. Thank you to everyone: reporting crime ensures Littlemore receives the attention and action it needs.

Denny Gardens Allotments

With funding from my ward budget, Oxfordshire Community Land Trust appointed Megan Harcourt to take forward the work to get Denny Gardens allotments up & running for community use. She will pull together an allotment committee and co-design the space with local residents. Please contact her as below.

DENNY GARDENS ALLOTMENTS: NEWS

My name is Meg and I've just taken on the role of Project Manager for the allotment site in Denny Gardens. I'm a keen allotment-er and already run a community plot on Thomson Terrace allotment site, so I'm really excited to help set up a whole new site for the benefit of the community. We will be hosting some social events. If you are interested in having your own allotment or being involved in anyway please email me and I'll add you to the WhatsApp group: megan@oclt.org.uk

NEW PHARMACY IN LITTLEMORE?

For the second time in a couple of years, NHS Commissioning has given an applicant permission to open a Pharmacy on **Cowley Road, Littlemore**. The first time, the applicant didn't take up the offer within the necessary time frame, so let's wait and see!

FROM THE EDITOR

Careful readers will know that this is my last issue of LITTLEMORE LOCAL. I'm retiring after 11 years.

I've very much enjoyed growing the newsletter from its folded A3 paper format to include online pages of local news, with a Directory of What's On & Who's Who. My purpose has been to tie together a community fragmented by the ring road, the railway, Littlemore Brook, the Hospital, & TOA campus, and give residents some sense of how lively Littlemore is. It's been a privilege and a delight to serve the community in this way.

Thank you both to those who have helped me by keeping in touch, and to everyone in the delivery team.

Littlemore faces monumental change: much of the news here remains parochial, but we are now a source of national and global news. Keen readers will already know that:

- Since its first purchase of UK land during the pandemic, the Ellison Institute has continued to buy property here. (See entries on p 3.) There is talk of their employing 7000 people here, and of £10Bn of investment in Oxford.
- Oxford City Council has ambition to expand its boundaries to include Sandford on Thames, so as to hasten the building of a Science Village there, with 3000 homes, primary & secondary schools, shops, and so on. There are plans for several thousand additional new homes further round Grenoble Road in Greater Leys.
- A passenger railway station is to be reopened here after a break of some 60 years.
- A new 'HIF1' highway is to be built from the A34 at Milton to Clifton Hampden: it will encourage more traffic to join the ring road at Heyford Hill (or to cut through Littlemore).
- The leisure resources provided by the Ozone Leisure Centre and Kassam stadium site are to be replaced with housing and more research buildings.

We are encouraged to celebrate 'growth' and the investment in our shared future. But sadly, none of the agencies involved has shown me evidence that they are concerned about the negative impact of all this on existing residents, and on our roads and other infrastructure.

If such news is to be reported it has to be chased. I think it's worth reporting: I think that residents deserve to be informed, and I've done my best, but it's getting harder. It would be easier with a few reporters, but some may feel that's beyond the remit of a Parish Council Newsletter. So I think it's time to consider the way forward. If you have views, please share them with the Parish Council.

Avid readers will know about Littlemore Community Partnership, a networking group set up by the City Council and now run by its members (see p 2). It is working towards creating a **welcome pack**, with a **dedicated website similar to 'Leys Engine'** to carry the sort of info that The Directory covers. I don't yet know how this will work, but I will be helping the project to develop: my email address for this work will be directory@btinternet.com. This may leave the future editor of LITTLEMORE LOCAL with more time to focus on the news.

I won't say 'goodbye' because I'm not planning to go anywhere! I plan to keep my eyes and ears open to what's going on, and I hope to do more drawing...

Judith Godsland
